

marp-vue-slide

<https://github.com/yhatt/marp-vue-slide>

Edit `public/slide.md` to create your slide deck 😊

Usage

- Navigate slide by arrow keys.
- Toggle fullscreen by hitting `F` or `F11` .
- Open presenter view window by hitting `P` .
- You can export slide to PDF by `Ctrl/Cmd + P` if you are using Chrome/Chromium.
- Netlify will output an auto-generated PDF to `/slide.pdf` .
- A raw Markdown can see by accessing to `/slide.md` .
